Instructions

1. Student Members of the Society shall be a student in good standing enrolled in an undergraduate or graduate program at a recognized university or college working toward an engineering, geoscience, or related degree. They shall not vote, hold office, or hold membership on any committee in the parent organization. The annual dues for Student Membership are US \$15. There is no initiation fee.
2. The objectives of the Society are to advance the science of formation evaluation through well logging and petrophysical techniques; to develop the proper application of these techniques to the exploration for, and exploitation of gas, oil, and other minerals; to disseminate information relating to formation evaluation, log analysis, and associated technologies, and to inspire and maintain high standards of professional and ethical conduct on the part of its members professionally engaged in these endeavors.
3. Understanding the above items (1) and (2), complete the application form with student and sponsor information and signatures. Send the completed form to the above address.

FEES: Student Membership, including online Journal: \$15.00.
