

NMR SIG 2022

Sponsorship Opportunity

Following many requests for an encore – the first ever 2018 SPWLA **NMR Special Interest Group** conference was a resounding success, the **NMR SIG** is now organizing the 2022 conference on **October 6th - 7st, 2022** to be held at the [Halliburton Houston Campus, 3000 North Sam Houston Parkway East, Houston, TX, 77032](#). For convenience, the 2022 NMR SIG conference follows immediately after the [2022 SPE ATCE Conference and Exhibition](#) in Houston.

Given the growing interest and activities in the NMR SIG, we would like to take this opportunity to call for sponsorship of the NMR SIG. Two levels of Sponsorship are available:

Platinum Sponsor \$750

The sponsorship recognition would come in the form of:

1. Verbal acknowledgement of the sponsors at the start of the conference
2. Conference Foyer – Dedicated Digital Screen for display and table for marketing presence
3. Two free/complimentary registrations for attendees from the sponsoring organization

Gold Sponsor \$500

The sponsorship recognition would come in the form of:

1. Conference Foyer – Dedicated Digital Screen for display and table for marketing presence
2. One free/complimentary registration for an attendee from the sponsoring organization

If your organization is interested, please **contact** NMR@spwla.org
