The SPWLA Today Newsletter

The Society of Petrophysicists and Well Log Analysts (SPWLA) is a nonprofit corporation dedicated to the advancement of the science of petrophysics and formation evaluation, through well logging and other formation evaluation techniques and to the application of these techniques to the exploitation of gas, oil and other minerals.

Founded in 1959, SPWLA provides information services to scientists in the petroleum and mineral industries, serves as a voice of shared interests in our profession, plays a major role in strengthening petrophysical education, and strives to increase the awareness of the role petrophysics has in the Oil and Gas Industry and the scientific community.

In the Society, Chapter News, From the President, nontechnical From the Editor content, "The Bridge," memoriams, columns or content, op-eds columns, cartoons, commentaries, and discussions.

Issue Frequency: Bi-Monthly (6 Issues a Year)
